This plan was developed to ensure that all of our children have the same opportunity to learn the same material as they progress from Kindergarten through 4th grade. Each rotation should be 5 weeks long except for summer which runs 2 sessions, each 6 weeks long. The rotation options are Art, Cinema, Cooking, Games, Science & Storytelling. Other Sundays will be filled with special activities as dictated by the calendar. Lent may be placed in front of or behind another rotation depending on the calendar. Summer rotations have each workshop taking a Sunday. **Red** curriculum we do not have currently on hand or is incomplete. **Green** are ideas to follow up on.
